THE OAKLEY'S GLAD SPOT

T. L. OAKLEY

15 SARLES LANE

PLEASANTVILLE, NEW YORK

PLANTING GUIDE

Planting time around May 1 to the end of June in full sunshine and well drained soil.

Planting depth for bulblets one and one-half to two inches deep.

Large bulbs four to five inches deep.

Medium bulbs three to four inches deep.

Small size two and one-half to three inches deep.

Glads will grow in any kind of soil that is well drained. It pays to spade deeply.

In cutting flowers leave four leaves on plant, thus assuring a nice bulb for fall.

*Life is too brief
Between the budding
 and the falling leaf,
Between the seed time
 and the golden sheaf,
For hate and spite.
We have no time for
 malice and for greed;
Therefore, with love
 make beautiful the deed;
Fast speeds the night.*
